

CAPD/ACDP 2022 Webinar Series

Artificial Intelligence and 3D Dentistry: A Win-Win for the Pediatric Dentist Jean-Marc Retrouvey, DMD, MSc, FRCD(C)

April 28, 2022

Course Outline

Artificial intelligence(AI), 3D and data mining are part of our everyday lives. Pediatric dentistry can benefit from these new technologies. Are we ready to take the leap?

Learning Objectives

1. Recognize new technologies terminologies.
2. Appreciate the benefits of new technologies in dentistry.
3. Understand the possible application of new technologies in pediatric dentistry practice and in teaching of pediatric dentistry
